

# DRAW YOUR OWN INSECT

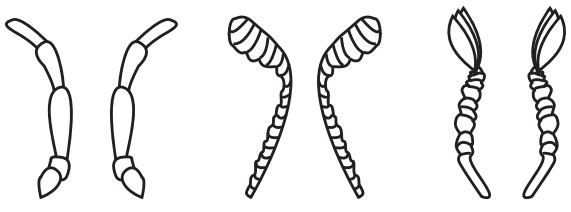

1. Draw the three body parts of an insect: the head, the thorax, and the abdomen.

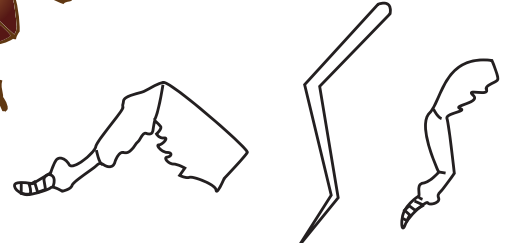

2. Add a pair of eyes to the head.

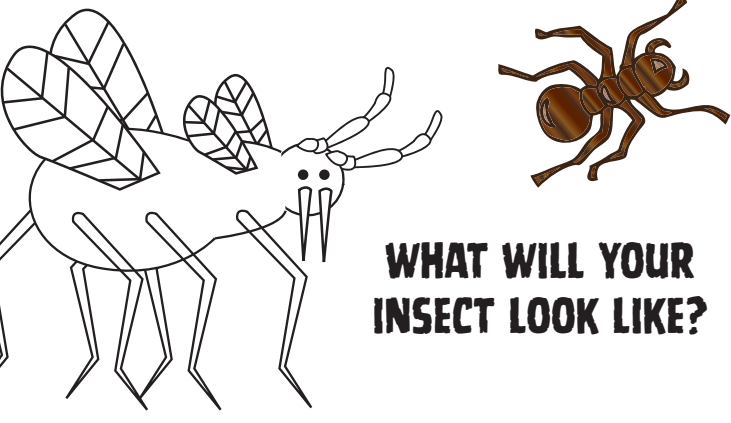

3. Add some mouthparts to the head.

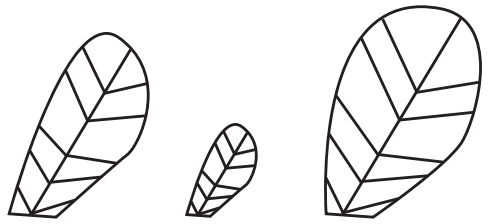

4. Add a pair of antennae to the head.

5. Add six legs to the thorax.

WHAT WILL YOUR INSECT LOOK LIKE?

6. Add two or four wings to the thorax.
