

THE COIN DROP

Do you have an **invisible** friend? Well, this is an invisible coin. It disappears in the air and magically shows up in your hand.

• • • • • The Trick:

1

Hold a coin between the thumb and index finger of your right hand.

2

Reach for the coin with your left hand.

invisible—something you cannot see

3

As you reach for the coin, secretly let it drop into your right hand.

Pull your left hand away. Your friend will think the coin is in your left hand.

4

Throw the invisible coin into the air with your left hand. Pretend to watch it fall. Your friend won't be able to see the coin.

5

Pretend to catch the coin in your right hand.

The coin is no longer invisible. Ta-da!
